BOOK STORE

- » **Non-Merchandise Item**
- » **Fine Arts Specialty Printing**
- » ***Use Total***

PAYMENT PROCESS

- 1- Transfer file(s) to the Print Shop "Drop Box" on the Fine Arts Server or deliver in person via USB stick.
- 2- Review your file in-person with the Print Shop tech to ensure your file is print-ready and to go over paper options and pricing.
- 3- Fill out a print request form and take this form to the NIC Bookstore in Tye to prepay for prints.
- 4- Return your prepaid, (stamped), print request to the Print Shop
- 5- Printing may take up to 2 days, longer if it's a high-volume time.
- 6- Pick up your prints from the tech.

REMINDERS

File Format

- » Only **TIF** and **PDF** file formats are accepted.
- » **Flatten image** (merge layers) and **add LZW** compression to TIF files.

Image Size

- » Set file dimensions to fit within media. Set resolution to 300 ppi
- » **Maximum width** for your image is **1" less than the width of the roll.**

COLOUR INK: This option is for creative projects, not photographic work. These films aren't colour accurate.

PLEASE MARK WHICH ROLL WIDTH: 17", 24" OR 36"

File Names	Length measure in feet	17 Inch	24 Inch	36 Inch	Apply Halftone?	Cost / File
		Cost / Ft (length)	Cost / Ft (length)	Cost / Ft (length)	(no cost)	
		<input type="checkbox"/> \$7	<input type="checkbox"/> \$9	<input type="checkbox"/> \$11	<input type="checkbox"/> screen	
		<input type="checkbox"/> \$7	<input type="checkbox"/> \$9	<input type="checkbox"/> \$11	<input type="checkbox"/> screen	
		<input type="checkbox"/> \$7	<input type="checkbox"/> \$9	<input type="checkbox"/> \$11	<input type="checkbox"/> screen	

SUB TOTAL

REGULAR FILM

These prints are often used for Print-making and Photography processes, (black ink on transparent film).

Please see "Reminders" about File Format on the opposite side of this page.

Image must be at least **one inch smaller than the width** of the roll.

Film media is only available in rolls. Roll media is measured per foot. (1 foot = 12 inches).

WHICH WIDTH OF ROLL?

Your image must be at least **one inch smaller than the width** of the roll to allow for the printer margins and the registration marks.

Example A: If your file is 14"x22" then you would choose the 17" wide roll and the length you pay for would be 2 feet, (2 feet = 24 inches).

Example B: If your file was 16.75"x18" then you would choose the 36" wide roll and your length you pay for would be 1.5 feet, (1.5 feet = 18 inches).

(To avoid wasting unused media, students can layout multiple images within a single file).
